

PUBLIC PARTICIPATION

11:374:433 3 credits Dr. Caron Chess Monday 5/6 Thompson 101

LEARN PRACTICAL SKILLS!

- Writing effectively and persuasively
- Communicating effectively in the real world
- Developing a public participation plan

EXPLORE IMPORTANT QUESTIONS!

Who is the public?

Are the procedures for participation fair?

Can public participation swamp good science?

By the end of the course, students should be prepared for an entry level government job in **community relations or public participation**. Science majors will have communication skills that will help them **compete in the job market**.
