

New Jersey Energy Master Plan Modeling Technical Group Meeting  
Generation Cost and Performance Assumptions

Agenda

Friday, January 5, 2006

9 am – 11 am

Room 113, Bloustein School of Planning and Public Policy

This session will provide technical experts and other stakeholders the opportunity to review and provide input regarding generation cost assumptions that will be used as part of the New Jersey Energy Master Plan modeling effort.

1. Introductions
2. Review cost assumptions based on EIA's 2006 Annual Energy Outlook and Navigant's 2004 Renewable Energy Market Assessment
3. Discuss other data sources for cost assumptions
4. Questions/Discussion
5. Adjourn

Edward J. Bloustein School of Planning and Public Policy
