What do you like best about this course?:

"Professor Popper gives you a lot of freedom to explore a topic that you are interested in. While was very helpful in providing me and my classmates with resources and references to help develop my thesis, he did not force me in any specific direction. "

"the professor himself is just such an intellectual, truly loved every time he spoke about anything"

If you were teaching this course, what would you do differently?:

"I would've liked to spend a little more one-on-one time discussing my paper. While Professor Popper set up these meetings, they were usually quite short. "

"nothing"

In what ways, if any, has this course or the instructor encouraged your intellectual growth and progress?:

"Unlike most professors today, Professor Popper does not harp on paper format or structured writing - rather, he encourages his students to do "good work," meaning it is well-written, concise and accessible. This teaching style has helped my personality and passion come out in my writing. "

"all of his recommendations lead me to read more and want to be a more well rounded student."

Other comments or suggestions::

"Professor Popper is one of the most simultaneously down to earth and brilliant people I've met. He is absolutely worth taking a class with."
