ABOUT OUR HOST

Jim Hooker
Senior Anchor, NJN News

Jim Hooker has recently succeeded Kent Manahan as Senior Anchor of *NJN News*. Jim is a seasoned journalist with deep background in the issues and politics of the state and credibility in Trenton, the state capitol. He has represented NJN nationally and abroad, and brings two decades of award-winning experience to

the anchor chair. Jim is also Managing Editor of the news.

Hooker also serves as a host for the Emmy-nominated *Congress Watch* and *On The Record*, two NJN News public affairs programs. NJN viewers saw a lot of Jim as he led NJN's around the clock coverage of the first-ever state government shutdown during the 2006 budget crisis. He has also contributed special reports and produced documentaries from such varied spots around the globe as China, Hong Kong and the Netherlands.

Jim was recently recognized with the prestigious national CINE Golden Eagle award for a documentary that aired on NJN in 2005 that he wrote, co-produced and hosted. The program, *Securing Our Ports*, probed the issue of port security in the Netherlands and New Jersey well before the Dubai ports controversy broke nationally.

Before joining NJN, Jim was a staff writer at three newspapers, including 10 years with *The Times of Trenton* and the *Asbury Park Press*. As a member of the *Asbury Park Press* State House bureau, Jim shared first place honors from the *New Jersey Press Association* for the bureau's reporting on the 1993 governor's race. Jim was also recognized for an award by the *New Jersey Chapter of the Society of Professional Journalists* in 1994.

Outside news reporting, Jim enjoys music, sports and spending time with his family.
